

---

Courses using all available coach resources. Pretty much at capacity. Same goes for junior courts.

We were successful in partnership with county and Dallington tennis clubs in achieving satellite programme status from the national LTA for our Excel performance training programme. This is the only outdoor training programme in Northants with such a kitemark.

George Frankel (age 9) has been training in regional squads but unfortunately is having to withdraw due to school commitments but won our club junior champs in June (u12).

Sophie Walker is in ladies and u18 county team and won Northampton Town inter club league's junior player of the year award. She also did the grand slam in our club champs.

Chris Whight played in the u18 county cup in Feb

Izzy Harvey and Fiona Frost played in the county u14 county cup in May.

Our boys u16 team of Jack Follett, Charlie Brooker, James Henley, Peter Whight and Charlie Whight were county runners up in national club league.

We have received LTA national clubmark status – one of only 4 outdoor clubs in Northants to achieve this. To this end we are expanding our junior competitions programme at all age groups to include more events on county wide circuits.

Finally on staffing - after 13 years involvement with the club, 10 of them as head coach I have now taken up the role of Talent Performance Coordinator for the LTA East region. I am currently staying as Coaching Director, working on court about 10 hours a week and managing the new staff; Coaching Development Manager Simon Nathan and Performance coach Jon Tregidgo. We also hope to develop a committee position to shadow my role to assist with the smooth transition of junior programme management from my hands.
